

## 2. How to Prosper in Hard Times

### Prospering in hard times

This is not a one time message.

I have been studying this for 25 years now.

Today I decided to check one of our mentors and I came across their teaching and I got excited that it was free to download 10 pages of Study

#### **Supernatural provision.**

We have trained ourselves to stay on this subject, as we must keep feeding our lives to bring about change and we need mindset changes and as time goes on we have to remind ourselves that it's the supernatural of the word of God.

You may think this is not for you

Well , if you want to do anything for the Lord you will need income, as it costs money.

This is how we have lived now ever since The Lord revealed this to us 25 years ago.

It's about not thinking by human wisdom, but using your faith.

Human wisdom and begging for money is not faith

God has a plan to get over to you what you need to be able to do what He called you to do and it's supernatural.

You can download your study notes for free at [KCM.org.au](http://KCM.org.au) , then go to this weeks broadcast and there you'll find all you need to get underway
