

## 4. How to Prosper in Hard Times

Prospering in hard times continues...

Back in 1995 The Lord showed me the total importance of Obeying HIM

Not man!

Not People !

We lived in a really old house that needed a lot of work and care but we used it to run a halfway house and that's where Anna ministry started back in 1990

As we began to study The Word on living a more prosperous life and we were taught about the word and what it said about money I was shocked how we were living below the level He had for His people Our car was in need for repair, better still an update

I found that God's promises are all conditional

Words like " give and it will be given unto you..."

This word is great but I had to know where He wanted us to give.

I learned if I give to the poor , I lend to The Lord

If I give to someone with more wealth then it was giving up  
and getting in their flow

We knew we had to have both working to progress forward.  
Was it easy? No!

The Lord wants us to grow in wealth we must give to more  
wealthy but make sure that , the person your giving to  
teaches on sowing God's way into the kingdom

So we had to be obedient ....religion had taught us to just  
give to the poor and pay our tithe Well this was a revelation

So we began sowing our seed into a ministry that taught us this truth and how to work the word of  
God

More than anything I needed to sort out obedience I looked out

Deuteronomy 28:1-13 it is all about the blessings of obedience

I learned That The Lord called His people to obedience All of HIS people

And when we obey He then promises to bless us We will be blessed in the city,what's your city  
country, what's your country womb the fruit of your body The young of your flock

You kneading trough ie: food ...you;ll have plenty

You'll be blessed when you come in and blessed when you go out out....we would have to drive out of  
town ,we'd take the word with us and pray it out 100 Your enemies will flee

You'll become the head and not the tail.

It you Will tully obey I he Lord

He knows best and He wants the best for you Right now more than ever He wants His children to

Listen to Him

Then obey Him,

This is for your protection and provision

He loves it when His children obey HIM

Just any parent loves it when their children obey them

Now is the time for surrender to His will

He loves you and wants to get His best over to you
